

KERRISDALE PRESBYTERIAN CHURCH'S LIBRARY POLICY

Developed in part by feedback gathered from the KPC Library Advisors and the March 2017 Library Survey distributed to the Sunday Worship congregation.

We will purchase and collect materials according to the following:

1. Conveys Christian values, and/or;
2. Introduces new ways of thinking and living as a Christian in the 2010s and taking into account the current social climate, and/or;
3. Attends to the needs of the congregation, and/or;
4. Tells the history of KPC (e.g. former pastors and past local church events), and
5. Publishing date is not a factor.

These guidelines will give breadth to our catalogue and give way to combinations such as science-fiction and poetry with spiritual direction.
